## ORGANIC ZOO

Rooted in nature and connected through the air we share, we grow alongside the trees; grounded, resilient and quietly strong.

Inspired by the distinctive Ginkgo leaf, a symbol of peace and endurance, this collection reflects the beauty found in slow, simple living and our deep affinity with the natural world.

Colours are drawn from windswept coastlines, mossy walks, cloudy skies, fallen leaves and snow-covered mountains.

Soft, cocooning fabrics bring warmth and comfort through fleeces, quilting, heritage knits, textured yarns and natural fibres.

A quiet nostalgia runs through the collection - an analogue way of life shaped by simplicity, resourcefulness and time spent outdoors.

The forest feels like home.
