

Boots

BAMBINI

Boots BAMBINI

is

Our medium product line. This line is a colorful playground for our little ones and is represented by a little bear icon.

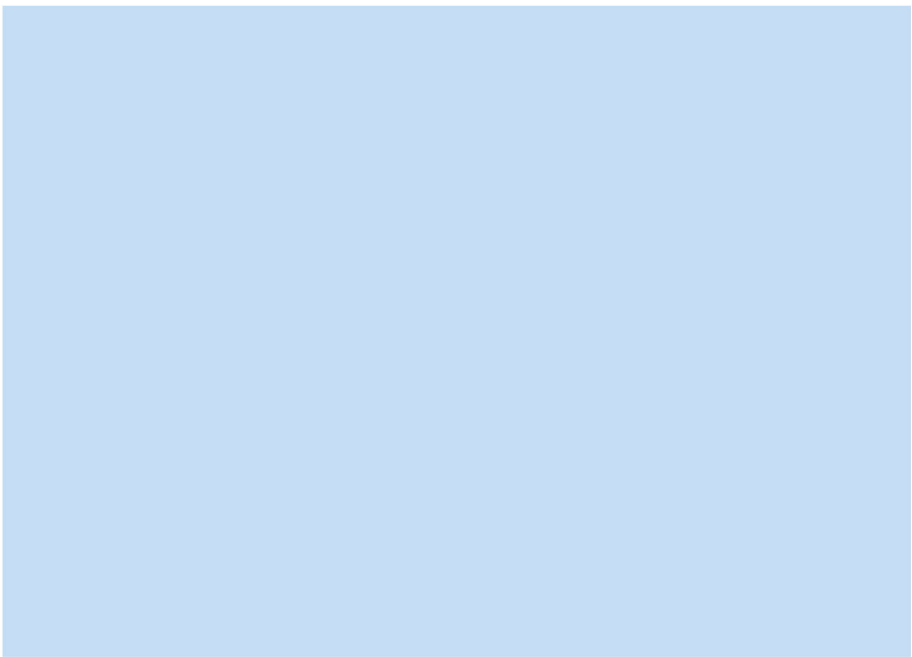

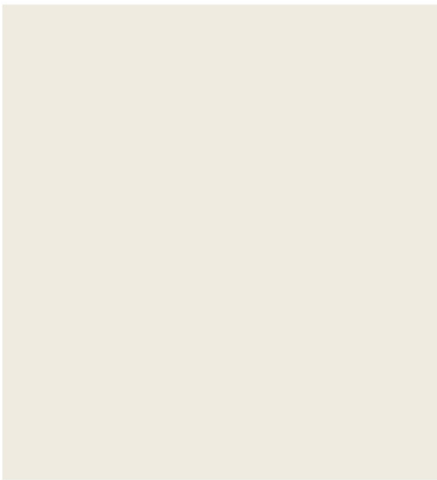

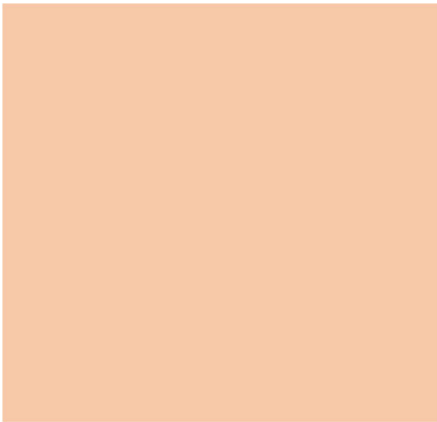

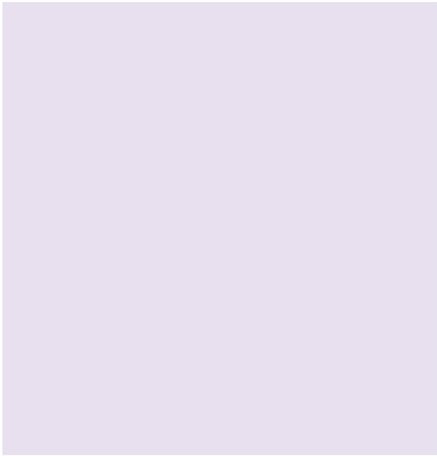

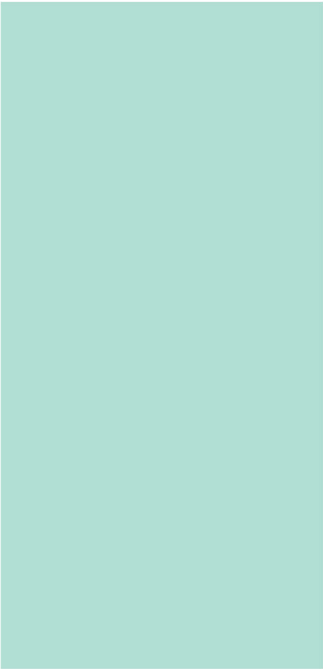

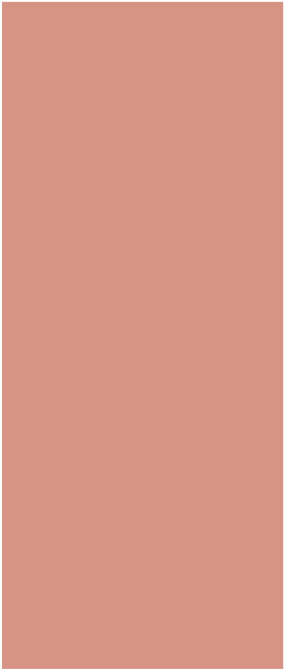

Boots Bambini color palette embraces a softer color palette of pastel shades with a hint of tennis green.

Boots Bambini is cute and accessible for small toddlers and kids due to the cheerfull and irregular shapes of the design as well as the name.

We focus a bit more on sustainable packaging as well, using recycled cardboard for some of our Boots Bambini products, offering a more natural approach to this line.

This way we are putting Boots Bambini on the forefront between the other leading sustainable baby and kids brands. Boots Bambini can easily compete with leading edge sustainable kids brands.

TEETHING PAIN RELIEF
A homeopathic medicinal product

What this medicine is for
This is a homeopathic medicinal product used within the homeopathic tradition for the symptomatic relief of teething pain and symptoms associated with teething which are sore and tender gums, flushed cheeks and dribbling.

Do not give this medicine:
If your child is allergic to any of the ingredients

How to give this medicine

For full instructions, read the enclosed leaflet before using the granules.
Check the sachet is not broken before use. If it is, do not use that sachet.

For oral use, for babies from 3 months old

- Detach one sachet from strip of 4
- The baby should be upright or in a sitting position and the granules given slowly into the front of the baby's mouth

Babies 3-6 months

A spoon should be used and half a sachet given at a time. Check all the granules have fully dissolved before giving the remaining half

Babies over 6 months

The granules should be poured slowly into the baby's mouth or a spoon may be used. Use one sachet every 2 hours for a maximum of 6 doses during any 24 hour period. **Do not use** more sachets than the label/leaflet tells you to. If symptoms worsen, or do not go away after 7 days, talk to your doctor.

How to store this medicine

Do not store above 25 °C. Store in the original packaging. **Keep all medicines out of sight and reach of children**

Each 300 mg of granules in a sachet contains Chamomilla recutita 6c.
